

Raising Awareness

Most people simply are unaware of the horrible crisis our wildlife is facing. If they have heard of it, they are unsure how it effects them personally - or what they can do about it.

After returning from this trip - with lots of information - please start spreading the word. To your family, co workers - or be brave an get up at Rotary Clubs, Audubon meetings, anywhere you can get an audience.

**KNOWLEDGE IS
POWER!**

**BEING AWARE
YOU
START TO CARE!**
